

Admin Dashboard

The screenshot displays a web application running on a local machine. The browser's address bar indicates the URL is `localhost:4201/user-account`. The application's header is dark-themed and contains the following navigation items: **ICIN Bank**, **User Account Info**, **CheckBook Requests**, **Authorization(KYC)**, and **Log Out**.

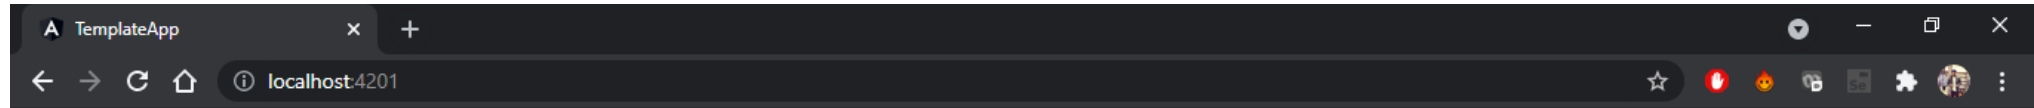

The main content area features a table for managing user accounts. The table has the following columns: **First Name**, **Last Name**, **UserName**, **Primary Account Number**, **Savings Account Number**, **Enable Account**, **Disable Account**, **Features Granted to the User**, and **Change Features**.

Two user accounts are listed:

- User 1:** First Name: john, Last Name: doe, UserName: johndoe, Primary Account Number: 39149182011, Savings Account Number: 39149182021. The 'Enable Account' button is active (green), and the 'Disable Account' button is disabled (grey). The features granted are 'Deposit + Withdraw + Transfer Access'. The 'Change Features' dropdown is open, showing the same list of features, and a green 'Set' button is visible.
- User 2:** First Name: admin, Last Name: admin, UserName: admin, Primary Account Number: 39149182012, Savings Account Number: 39149182022. The 'Enable Account' button is active (green), and the 'Disable Account' button is disabled (grey). The features granted are 'Deposit + Withdraw + Transfer Access'. The 'Change Features' dropdown is open, showing the same list of features, and a green 'Set' button is visible.

The Windows taskbar at the bottom shows various application icons, including the Start menu, search, and several open applications like a file explorer, browser, and communication tools. The system clock indicates the time is 7:08 PM.

Transaction History test succes

The screenshot displays the Eclipse IDE interface with the following components:

- Project Explorer:** Shows the project structure for 'UserPortalTesting'. The 'src/test/java' directory is expanded, showing the 'TransactionHistory.java' file.
- Editor:** Displays the code for 'TransactionHistory.java', showing a Selenium WebDriver command: `driver.findElement(By.xpath(`.
- Console:** Shows the output of the test run. The message indicates that the test was successful, with the following details:
 - Default test
 - Tests run: 1, Failures: 0, Skips: 0
 - Default suite
 - Total tests run: 1, Passes: 1, Failures: 0, Skips: 0
- JUnit:** Shows the test run summary, indicating that the test was finished after 32.854 seconds, with 1 run, 0 errors, and 0 failures.

The bottom status bar shows the time as 50:14:1526 and the date as 9:08 PM.
